Communication
Interpreter and business cards – An interpreter is strongly recommended because not many Chinese business partners speak English. Furthermore, business cards are very important means of communication. They should be translated into Chinese. It is very important for business associates to exchange business cards. Cards are always offered and received with both hands after the initial greeting.

Some communication habits – Address Chinese officials as Mister, Miss or Madam – Chinese women do not use their husband’s surname and therefore should not be addressed as Mrs. The Chinese surname comes first and the given names last, e.g. Mr Wang Zhongming should be addressed as Mr Wang.
