**The 16th edition of Asiamold will open its doors from 3 – 5 March 2022 at the China Import and Export Fair Complex in Guangzhou, to showcase the latest mould making, 3D printing and die casting innovations from leading domestic and international brands. In addition to the exhibition, the fair also offers a comprehensive fringe programme to further facilitate networking, technology exchange and business opportunities for industry players across the manufacturing sector.**

Held concurrently with SPS – Industrial Automation Fair (SIAF) Guangzhou, both Asiamold and SIAF are renowned industry events in South China. To kick start the 2022 sourcing year, both trade events are geared up towards stimulating greater collaboration and bringing forth boundless business opportunities for the entire manufacturing industry within the region. To-date, the fairs have confirmed numerous suppliers to cater to the increasing demands of the automotive manufacturing, home appliances, electronics, medical and packaging industries and many more. Leading companies confirmed for Asiamold in their respective industry sectors include:

### **Precision Moulding Services**

Jingxiao Metal, JMT Mould, Liangyu Hardware and Plastic, Nan He Jian Yi, Seal Mould, Topwell Spring, Yalu, Yangfan, Zhong Da Xiang, Zifu and others.

### **Mould Making Components and Accessories**

Gunri, Huayong, Jinpan, Mingshan, Shengyi, Threeup, Yijia and others.

### **Moulding Materials and Surface Treatment Services**

Aomeite, Hostar, Linchen, Naisense, One Create/Saarschmiede, PVT and others.

### **Mould Making, Die-casting and 3D Printing Services**

AO Ding Mo, Bole, Dong Ni Bao, Fusion Intelligence, Hanway, OJ Precise, Pingli, Rayshape, Shengyan, Yitai and others.

### **Concurrent events to lead the industry forward with key trends and insights**

In order to provide a wide-ranging trade platform for fairgoers to

26 Harbour Road  
Wanchai, Hong Kong

exchange insightful market news and capture more opportunities, a comprehensive fringe programme will be held alongside the exhibition to help industry players keep up to date on emerging market trends and navigate new business opportunities. A series of informative sessions will equip attendees with the latest industry developments and market insights. Some highlights include:

- **The 3<sup>rd</sup> Industrial Moulding Summit**  
Co-organised by the Society of Advanced Moulding Technology (SAMT) and Asiamold, invited industry leaders and experts will share their latest technological findings and case studies on smart plastic injection moulding, multi-colour injection moulding, additive manufacturing solutions and more.
- **The 4<sup>th</sup> 3D Printing Industry Technology & Applications Summit**  
Industry's leading 3D printing manufacturers will present their cutting-edge applications and case-studies to facilitate interactive discussions and technical exchanges within the industry.
- **Open Lectures on Moulding Technologies**  
Invited speakers from academic institutions will share their expertise on industrial mould designs to bring further attention to the moulding industry's development.

Furthermore, Asiamold receives strong support from industry associations. Apart from the continued support from the Guangzhou Die & Mould Industry Association and the Society of Advanced Moulding Technology, a new supporter, Foshan Nanhai District Machinery Equipment Trade Association, will form a delegation group consisting of their members to source for the smart manufacturing solutions offered at Asiamold and SIAF.

Asiamold is organised by Guangzhou Guangya Messe Frankfurt Co Ltd and forms a part of a series of international events including Rosmould, Formnext + PM South China, and Formnext. The next edition of Rosmould will take place from 7 – 9 June 2022 in Moscow. Formnext + PM South China will be held from 14 – 16 September 2022 in Shenzhen. The next edition of Formnext will be held from 15 – 18 November 2022 at the Frankfurt exhibition grounds in Germany.
