Guangzhou Industrial Technology and Asiamold Select – Guangzhou to open next week

Guangzhou, 29 February 2024. Next week, Guangzhou Industrial Technology and Asiamold Select – Guangzhou will open their doors at the China Import and Export Fair Complex. From 4 – 6 March, these co-located exhibitions will transform 20,000 sqm of floor space into a centralised sourcing and exchange hub for the region’s manufacturing sector. Visiting industry professionals will have the chance to connect with 336 exhibiting companies and explore the latest advancements in manufacturing technologies, moulding technologies, 3D printing and more. In addition, the two events will host a series of concurrent forums and seminars, providing opportunities for cross-sector dialogue and delivering insights into emerging manufacturing trends.

Making its 2024 debut, Guangzhou Industrial Technology will present a comprehensive showcase of technologies designed to automate and optimise the production process, from industrial robotics and smart equipment to software and IT systems and the industrial communication networks that link these together. The event will also feature a dedicated zone for the bearing industry, spotlighting industry-specific technologies and recent advancements in the field. A number of key industry players will be in attendance, including Boken (BKD) Bearing, Dongfeng Bearing, DS FieldBus, Jibel Bearing Factory, Matribox, Nanfang Precision, Odot Automation, Sunpin, Utek and WellAuto.

Meanwhile, leveraging its long-standing presence and reputation in the sector, Asiamold Select – Guangzhou will offer a detailed exploration of the entire moulding industry chain, covering the continuum from product design to moulding and post processing and featuring a variety of moulding, die casting and 3D printing technologies. Highlighted exhibitors include BASF, Dongke, Flashforge, FRENK, Jingmu, Jiudong Industrial, Rayshape, Sirtec, Terry Special Steel Co, Xuhong Precision and YueFeng New Materials.

Concurrent forums and seminars to explore key trends in manufacturing

In conjunction with the core exhibitions, the two fairs will present a multifaceted fringe programme exploring sector-shaping trends and other important topics facing the industry. To encourage cross-sector information exchange and networking, attendees are welcome to participate in the offerings of either fair. Scheduled forums and presentation topics include:

Guangzhou International 3D Printing Industry Technology Application Seminar

- Topic: Rapid Tooling Innovation Triggered by BASF 3D Printing Materials Presented by Roy Wang, Manager in 3DP Technology & Application, BASF (China) Co Ltd
- Topic: Accelerate the Transformation of the Mold Industry Towards Additive Manufacturing

Presented by Zan Jian Li, General Manager, South China Display Center of Esun 3D

- Topic: The Intelligent Additive Manufacturing Helps Mould Industry Increase Profit
Presented by Li Ping Zhou, President, Dongguan BoTong Precision 3D Technology Co Ltd

Guangzhou International Digitisation & Informatisation Forum

- Topic: IOT Enables the High-quality Development of Industrial Clusters
Presented by Cai Yu Meng, Deputy Manager, CAICT Industrial Internet Innovation Center (Guangdong) Co Ltd
- Topic: New Industrialisation - New Quality Productivity
Presented by Fung Kwok Fai, Mainland Business Director, Hong Kong Productivity Council
- Topic: Intel Technology Helps Digital Transformation in Manufacturing
Presented by Zhou Xiang, Senior Technical Specialist, Intelligent Manufacturing Operations Center of Excellence, Marketing and Sales Department, Intel

Guangzhou Industrial Technology is organised by Guangzhou Guangya Messe Frankfurt Co Ltd. For more information, visit <http://www.gitfair.com/> or email git@china.messefrankfurt.com.

Asiamold Select – Guangzhou is organised by Guangzhou Guangya Messe Frankfurt Co Ltd and Guangdong Die & Mould Industry Association. For more information on Asiamold Select – Guangzhou, visit www.asiamold-china.com or email asiamold@china.messefrankfurt.com.

Further exhibitions within Messe Frankfurt's Manufacturing Technologies and Components cluster include:

- **Asiamold Select – Shenzhen:** 28 – 30 August 2024, Shenzhen, China
- **Formnext + PM South China:** 28 – 30 August 2024, Shenzhen, China
- **Formnext Forum Tokyo:** 26 – 27 September 2024, Tokyo, Japan
- **Formnext:** 19 – 22 November 2024, Frankfurt, Germany

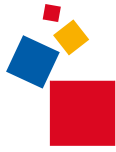

- End -
